This is the value of the bioC supplier list:

- ★ **Information advantage:** You are informed about certification status of your suppliers and relevant products at any time.
- ★ **Save time during day-to-day operations:** Responsible colleagues need not keep asking for current certificates of suppliers that are listed on the supplier list.
- ★ **Save time and costs in the yearly inspection:** You can present the cumulative bioC confirmation to the inspector for the annual inspection. It contains all relevant certification information of your suppliers.

This are the costs for the bioC supplier list:

- ★ 2 euro/company per year (List up to 5 suppliers are for free)

New: Cross Check Tool

- ★ bioC provides a platform to exchange risk-oriented Cross Checks in real time
- ★ Thus, bioC supports an improved traceability in the organic product chain without the need to depict the complete product flow
- ★ CB's or traders may ask for the verification of trading documents by another CB
- ★ The new bioC-tool substantially shorten the response time for cross checks.
