## ELEVATE YOUR RETAIL SHELVES WITH ORGANIC PRODUCTS FROM UKRAINE!

Over the last years, Ukraine has significantly strengthened its position as an organic exporting country and become an important supplier of organic products to the foreign markets. Despite the full-scale invasion, Ukraine exported 15.3% more organic products to the European countries (EU, Switzerland, Norway) in 2022 than in 2021. Ukraine exported more than 65 types of organic products in 2022. In total, organic exports from Ukraine amounted to 245.6 thousand tonnes that corresponds to 219.4 million US dollars. There are 144 Ukrainian companies exporting organic products. Total 225 importers from 36 countries of the world import Ukrainian organic products. Ukraine was in the TOP-3 countries exporting organic products to the EU countries in 2022.
